”

We are delighted with the luminosity of the insert, the light looks much clearer than with HQI. The coloured lighting gives our pool a completely different dynamic, also with regard to the therapies which take place in the pool.

THOMAS GRÜNER, DISTRICT OFFICE BÖBLINGEN
INDOOR POOL AT FRIEDRICH-FRÖBEL-SCHULE HERRENBERG

”

In a competition pool with 24 floodlights, more than 6 KW less is consumed per hour. Calculated over the year, this is a considerable financial saving.

BENJAMIN PFENDT, HEAD OF MARKETING
WIBRE LEINGARTEN

”

Thanks to the new LED underwater spotlights from Wibre, our pool is bright and optimally illuminated. Delivery and conversion from halogen to LED was quick and without difficulty.

MICHAEL MOSER, ASSISTANT DIRECTOR OF HALLENBAD SZU
SCHOOL OFFICE OF THE PRINCIPALITY OF LIECHTENSTEIN

”

We at Sportbad Kornwestheim are thrilled about the new LED spotlights, which make the water shine in blue, green or purple. This makes doing laps even more of an enjoyable experience and at the same time saves a lot of electricity. .

S. CAPALIJA, ASSISTANT BATH OPERATIONS MANAGER
